

**UNIVERSIDAD NACIONAL DE CHIMBORAZO**

**WISHES / REGRETS**

**HOMEWORK 1 (HANDWRITTEN ASSIGNMENT)**

**Due date:** April 29th, 2025

**INSTRUCTIONS:**

1. Watch the following video and reflect on the theme of missed opportunities and life choices:

<https://www.youtube.com/watch?v=6bm288u3NZc>

*(In this poignant clip, the character Sean (played by Robin Williams) shares a personal story about a significant moment he missed, prompting reflections on life's choices and missed opportunities)*

2. Think about Sean's story. What did he do? What opportunity did he miss? Why do you think he feels that way?
3. Write 5 suggestions or reflections directed to Sean using the structure "wish + past perfect".

**HOMEWORK 2 (ONLINE HOMEWORK)**

**Due date:** April 27th, 2025

**INSTRUCTIONS:**

*Reflect on the 2025 presidential elections between Daniel Noboa and Luisa González.*

**Think about what might have happened if one candidate had won instead of the other or if a key decision during the campaign had been different.**

1. Write a response in 150- 250 words using at least 4 sentences with "wish + past perfect" to express regrets or reflections about the election. You may focus on

decisions made by the candidates, their campaign strategies, or how voters' choices impacted the results, etc. Write your response in a Word document and upload it in PDF format. The task is due by April 27, 2025, at 15:00 PM.

### IMPORTANT

- The assignment will be open on the platform for you to upload starting April 25, 2025 at 16:00 pm
- Your PDF document will be uploaded to Turnitin to check for any plagiarism or use of artificial intelligence.

### EXAMPLE:

The screenshot displays the Turnitin Match Overview interface. On the left, a document preview shows text about market space and competition. On the right, the 'Match Overview' panel shows a 5% similarity score. Below this, a table lists two matches: 'Submitted to University...' with a 3% similarity score and 'Submitted to University...' with a 2% similarity score. At the bottom of the panel, a blue box highlights the 'AI' detection score of 96%.

Match	Submitted to University...	Student Paper	Similarity Score
1	Submitted to University...	Student Paper	3%
2	Submitted to University...	Student Paper	2%

AI 96%
