16 Read the letters to a health magazine advice column.

Dear In-Shape,

I have two health questions for you. I'm an athlete. I play baseball for my university team, and I go running every day. I exercise all the time. I think I'm in terrific shape, but I'm worried that I exercise too much. That's my first question—how much exercise is too much?

My second question is about my diet. I try to eat healthy. I hardly ever eat pizza, fast food, or other snacks. I never drink soft drinks. But I have one really bad habit: I have a sweet tooth! I eat too much chocolate, candy, cake, and ice cream. How can I cut down on sweets?

-Ron Miller

Dear In-Shape,

I need some exercise advice! I don't feel very healthy. I get tired just walking from my house to my car! My doctor said that I have to exercise more. I'm sure that she's right. I should get out of the house more often. My husband goes running every day, but I never go running with him. I'm a couch potato. My big activity is watching movies—I watch a movie just about every night. Unfortunately, you don't burn many calories watching TV!

By the way, the problem is not my diet. I generally try to eat foods that are good for me, like fish, vegetables, and fruit. I avoid snacks, and I almost never eat sweets!

—Nina Hunter
